

Total Makeover

***No matter what
make of machinery,
KSBI is your best
source to bring it
back to, or better
than new.***

As a leading manufacturer in the rubber and plastic industry, Kobelco has the expertise to remanufacture your equipment to perform better than new, or modify, upgrade, and repair.

Our rebuilding technology includes the following machinery: internal mixers, twin screw roller head extruders, mills, calenders, and tilt-discharge mixers.

Don't just get a facelift, work with KSBI for the total package... for less.

For more detail, visit our website at ksbiusa.com or call 330-655-3111.
